

Benjamin Banneker Academy Online Resources

There are several online technology resources that are available to students attending Benjamin Banneker Academy. If your child has access to a computer and the Internet at home, we want them to utilize these resources several times a week at home. Students progress with these resources is being tracked and monitored. The programs will help your child meet the College and Career Readiness Standards which are part of the Common Core Standards. Students have usernames and passwords that they should know and/or be learning. Please note the respective grade levels for each of the programs listed below:

EasyTech: www.learning.com - grades PreK - 5

(If you need your child's login information please contact his/her technology teacher either Ms. Brantley or Mrs. Smith)

Tumble Books: www.tumblebooks.com - grades PreK - 5

Username: banneker Password: books

Achieve 3000: www.achieve3000.com - grades 2-5

(If you need your child's login information please contact his/her homeroom teacher)

Study Island: www.studyisland.com - grades 3-5
